

Scottish Australian Company Limited Archive

This collection consists of the records of four stations in North Queensland which became part of the holdings of the Scottish Australian Co. Ltd. in the early 1950s. The company was established in 1840 and incorporated in England in 1856 (Guide to Australian Business Records, 2015.). The four stations include Mt Emu Plains, Kynuna, Albion Downs and Lucknow. All were established in the 1860s mainly as separate runs which became consolidated into these properties.

Please see connected Archives: Bowen Downs Archive and Dalgonally Station Archives (also owned by the Scottish Australian Co. Ltd.)

A Name Index of the personal names which appear in these records is available from the NQHeritage@JCU record.
