

The Bragge Collection – Library

The Bragge Collection features two intimately connected components – more than 600 material culture artefacts collected and documented by Laurie Bragge, and his library containing various resources, which he has used extensively to write his multi-volume history of the Sepik.

The material artefacts in the Bragge Collection are curated by the Discipline of Anthropology, Material Culture Collection (College of Arts, Society and Education), and housed in The Cairns Institute on the Cairns Campus. To enquire about these items, please contact Professor Rosita Henry (Rosita.Henry@jcu.edu.au).

The library component of the Bragge Collection is the personal research library of the donor, Laurie Bragge. It consists of published and unpublished materials, all utilised in the production of his history of the Sepik.

This listing is of the published materials. There are over 500 publications covering a range of subjects pertaining to Papua New Guinea and the donor's research interests.

The subjects used in the library listing have largely been assigned by the donor and include PNG Pacific & World History, Primitive Art, Religion and Sepik Anthropology.

The published materials from the library component of the Bragge Collection are available for consultation in the Cairns Campus Library Special Collections.

Email specialcollections@jcu.edu.au to arrange an appointment.

Access to the Bragge Collection Archive is available from:
